

**Candidate for 2020 First Vice President
Brint Wahlberg**

Brint Wahlberg is from Missoula and is seeking election as First Vice President. He has been licensed for 19 years and has served on various local, state and national committees. Brint was MOR's President in 2010 and 2014 and has also served as MLS President for two terms. He has also served on many MOR committees, taken part in many task forces, and is currently a state director for MOR. At the State level, Brint has been a past Western DVP several times, Chair of MAR's Professional Development Committee twice, as well as GRI Chair in 2019. Nationally, he has served on various NAR committees, including Communication, Data Strategies, Strategic Planning and Leading Edge.

Brint feels that he would make a good MAR officer because he believes that his experience within the state association has helped him to connect with boards and volunteer leaders across the state. He leads by example and expects other to do the same, and is not afraid to discuss or review any/all services MAR provides to see if/where change needs to be made. He believes that his professional education has helped him have an eye for accomplishing strategic goals and the drive to better all of the membership through board actions.

Brint feels that MAR is challenged with relevancy, full execution of MAR's strategic plan, efforts regarding government affairs, director inconsistency, and providing on-going useful and unique education. He feels that he can help solve these challenges by taking each one and reviewing the root of the issue to help make much-needed change. Increasing the flow of communication, putting together focus groups as needed, and sharing more strategic and trend-based information with boards across the state.
